COMMUNITY HEALTH LEVEL 6

HE/OS/CH/CR/02/6/A

Conduct Community Health Research

July /Aug 2023

**TVET CURRICULUM DEVELOPMENT, ASSESSMENT AND CERTIFICATION
COUNCIL (TVET CDACC)**

CANDIDATE PRACTICAL ASSESSMENT

INSTRUCTIONS TO CANDIDATE

1. You are required to carry out the activity elaborated below and submit a complete questionnaire for evaluation.
2. This practical assignment will take: **ONE HOUR**

In your community, cases of tuberculosis (TB) have been on the rise in the past 6 months. As a community health worker, you are required to formulate a questionnaire. It will help to research on the knowledge and practices on tuberculosis (TB). 10 households have been randomly selected to be interviewed using your questionnaire. Your research will be used to develop strategies to prevent community transmission.

You are required to develop a questionnaire under the following tasks;

Task 1: Personal particulars.

Task 2: Socioeconomic characteristics of the study population.

Task 3: Different proper hygiene practices.

You will be provided by the following:

1. Foolscaps
2. Desk
3. Chair
4. Pen
5. Ruler
6. Simulated members of the community
