**TVET CURRICULUM DEVELOPMENT, ASSESSMENT AND CERTIFICATION
COUNCIL (TVET CDACC)**

PRACTICAL ASSESSMENT

TIME: 45 MINUTES

INSTRUCTIONS TO THE CANDIDATE

1. A patient has been scheduled for sphincterotomy. You are required to perform the following tasks:
 - i. **Receive and verify the patient** in the receiving area
 - ii. **Transfer the patient** to the operating room and **position her in the lateral recumbent position.**

This paper consists of TWO printed pages.

Candidates should check the question paper to ascertain that all pages are printed as indicated and that no questions are missing

2. You are provided with the following resources to carry out the task.
 - i. Functional operation room
 - ii. Personal Protective equipment
 - iii. Documentation supplies: Pen and foolscaps.
 - iv. Operation table with accessories.
 - v. Theatre Assistants
 - vi. Patient's File and Theatre List
 - vii. Female dummy.
