INSTRUCTIONS TO THE CANDIDATE

According to the Community Health Volunteers (CHVs) reports, Egoro community has high rates of malaria infections among expectant women. You been selected by the Sub county hospital to help in training Community Health Assistants (CHAs) on how to carry out research to ascertain these findings and give recommendations.

You're expected to carry out the following tasks;

TASK 1

- a) Prepare to conduct a training on research.

TASK 2

- b) Conduct a training on how to derive a good research topic based on the Community Health Volunteers (CHVs) reports.

TASK 3

- c) Conduct a training on how to formulate research objectives in line with the CHV report.

TASK 4

- d) Conduct a training on how to develop a good research questionnaire based on the research objectives.

You have been allocated 20 minutes for preparation and 40 minutes for training.

Assessor shall take video clips at vital points during the training.

You have been provided with the following resources;

- i. Simulated environment
- ii. Simulated group of Community Health Assistants
- iii. Chairs
- iv. Table
- v. Foolscape
- vi. Whiteboard/flipchart/computer and a projector
- vii. White board eraser
- viii. White board marker pens
- ix. Masking tape
