INSTRUCTIONS TO THE CANDIDATE

Malaria remains a public health in Kenya despite several control efforts. Scientific evidence regarding Malaria effects in Kenya suggest that the disease imposes substantial economic costs, jeopardizing the achievement of Sustainable Development Goals (SDGs). You have been assigned to conduct a training on the following tasks;

TASK 1

- a) Prepare to conduct a training on Malaria.

TASK 2

- b) Conduct a training on the causative agent of Malaria.

TASK 2

- c) Conduct a training on FIVE signs and symptoms of Malaria.

TASK 3

- d) Conduct a training on FIVE prevention and control strategies of Malaria.

TASK 4

- e) Conduct a training on the treatment of Malaria.

You have been provided with the following resources;

1. Flipchart/whiteboard
2. Foolscaps
3. Pens
4. Simulated community members
5. Marker pen and an eraser
