COUNCIL (TVET CDACC)**

PRACTICAL ASSESSMENT

Time: 1 Hour

INSTRUCTIONS TO CANDIDATE

Healthy behavior change such as frequent hand washing has potential to eliminate many infectious diseases including Cholera. You are required to train Community Health Volunteers on how to prevent the spread of Cholera at community level.

In this practical assessment, you are required to perform the following tasks;

TASK 1

- a) Prepare for a training on Cholera

TASK 2

- b) Conduct the training on Cholera

TASK 3

- c) Demonstrate steps on hand washing technique.

You have been provided with following resources;

- a) Marker pen
- b) Flip charts and or a Computer and projector
- c) Audience
- d) Fools caps
- e) Liquid hand washing soap
- f) Running tap water (sink/basin)
- g) Disposable paper towel
- h) Audience
